Locality Name: Batim

Taluka Name: Tiswadi

District: North Goa

State: Goa

Language: Konkani, Marathi, Hindi and English

Latitude:-

Longitude:-

Batim is a pleasant village situated in Tiswadi Taluka consisting of 7 elected Panchayat members. It is surrounded by villages of Goa Velha, Curca, Neura, Mandur, Azossim, Pilar. The word Batim is derived from the land of paddy field (Bat) and orchards. It is also surrounded by salt pans. The main yields is salt, paddy and cashew. Batim Panchayat has 2 revenue village i.e Batim and Gancim.

Special News.

Ancient temples/Churches

Bhumikadevi. Ravalnath, Sateri, Bhairavi, Narayana, Ramanatha, Betal and Brahman – Purusha. And Our Lady of Guadalups Church in Batim and Shrine of St. Simon and St. Jude at Gancim with cemetery at the site and many other chapels.

Comunidade:

It consisted of 14 'Vangors' of which four are extinct. The sixth one belongs to those of the Surname 'Camotim' (Kamat). All the remaining Gaunkars belong to the 'Chardo' class.

Luis Frois, in his letter dated 13th Nov. 1560, stated that the priest in charged baptized 200 persons (men, women, and children) on the 25th Aug 1560 who wished to become Christians and the group was led by one man called Camotim. These people belonged to the Chardo class consisting of warriors, men of better personality than the Brahmins.

During ancient times donation were made before the diety Narayana of a paddy field in the village of "Salibhatti" situated to the north of Gopakapuri which corresponds to Batim. The upper portion of a kadamba hero stone was found in a field at Batim and is presently kept in the Pilar Museum.

Goan priest, Fr. Pascoal de Costa Jeremias of Margao yearned all his life to follow the religious life with other and companions when advanced in age he retired on 20/10/1682 with the approval of the Archbishop of Goa (2&3) to live in the Chapel of St. John iof the dessert on the hill of Batim

Gancim:

Ancient temples:

Durgadevi & Bhavnatha were situated at Gancim. The image of Durgadevi is presently found at marcaim and is worshipped under the name of Navadurga. The deity Navadurga of Cundaim, according to the statutes also comes from Gancim. According to tradition, its Mahajans settled in 2 neighboring villages the Ganxim hill also wel known as during the 17th century as traders would come here for entertainment and rest.

Batim Lake:

Batim Lake is terraced in 3 partitions meant to provide water supply all the year round to the city when the lower partition of the lake got dried the middle portion would flow with a system of underground regulatory canals. In the upper third partition would be a reservoir for emergency when water from both would get over. Distributory canals were supplying water up to Talaulim, Gaunxim, Moula and at present is still providing water to the last khazan fields for the purpose of cultivating rice during the day season

Development of physical as well as social infrastructure plays an important role in the overall development of the rural economy. As per our overall observation in the village for so many years we find that none of the development have taken place in our village therefore we like to focus on some of the issues, and work which could be taken up by village development committee

Following are the demand:-

1. Development of agro based industries which will provide employment to the villagers which play an important role.
2. Development of Women & children in the village.
3. Special employment program on rural work, crash scheme of rural employment should be made awareness among the youths.
4. Employment assurance scheme should be made available to the youths.
5. Conduct workshops for mahila mandals and train them about live stock. Since there are many groups in our village (example tailoring & different course)
6. Technical & Vocational training education should be provided to the youths through which they could seek self employment .
7. Computer literacy program & training for youth
8. To help weaker school students in studies through free tuitions.
9. Cleaning of street ward wise, checking of street lights, construction or repair of village roads.(focus on each and every small road, which are in Village instead of focusing on main road only) since most of the streets are having pot holes due to which so many incident can taken place.
10. Improvement of the sanitary condition of the village should be taken care, jungle growth along the road side should be cleaned.
11. Sinking and repairing of wells, the excavation , repair and maintenance of Ponds.
12. Awareness of govt. scheme should be made available to the villagers through programs street play, campaign etc.
13. Youth should be involved in various program so that they can do the awareness in the respective ward.
14. Drainage system should be implement, covering & cleaning should be done every year.
15. Latest published books should be made available in the village Panchayat .. cyber café could also be included in the library where village student could seek information through internet facilities.
16. Have to focus on toilet facilities for each houses is made available.
17. Cleaning and beautification of village temple, church , temple tank etc.
18. Another important things I would focus is on the notices of the village which should reach in every ward so that people who don't visit village office could get the message
19. To create awareness about different issues such as nutrition of women & child care education, health etc.
